

Co-sponsored by
Department of Diagnostic Radiology,
Partner State Key Laboratory of Brain & Cognitive Sciences, &
Strategic Research Theme on Neuroscience, HKU

Advanced MRI Meeting on Neuroradiology and Neuroscience

Date: 16 May, 2016 (Monday)
Moderator: Dr Henry Mak, Clinical Associate Professor
Venue: Mrs Chen Yang Foo Oi Telemedicine Centre (MTC),
2/F, William MW Mong Block, LKS Faculty of Medicine

Program

Time	Topic	Speaker
10:00-10:45am	Advanced High-Field Human Brain Imaging: Neuroanatomy and Neurodegenerative Disorders	Michael Zeineh, M.D.-Ph.D. Assistant Professor, Department of Radiology Stanford University
10:45-11:10am	Structural Brain Connectivity	Edward Hui, Ph.D. Research Assistant Professor Department of Diagnostic Radiology, HKU
Tea break		
11:15am-12:00nn	Recent advances in diffusion weighted imaging	Professor Kei Yamada, Professor and Chair, Department of Radiology Kyoto Prefectural University of Medicine
12:00nn-12:25pm	Fast magnetic resonance imaging for neuroscience research	Charles Chang, PhD Research Assistant Professor Department of Diagnostic Radiology, HKU

All are welcome
