

## **The State Key Laboratory of Brain and Cognitive Sciences Reassessment Site Visit**

On 1<sup>st</sup> August 2017, there was a reassessment site visit of the State Key Laboratory (SKL) of Brain and Cognitive Sciences by the Innovation and Technology Commission (ITC) of the Hong Kong Special Administrative Region (HKSAR) Government.

The event included introductions by Professor Pak Sham, Director of SKL of Brain and Cognitive Sciences and by Prof Tatia Lee, Co-Director of SKL of Brain and Cognitive Sciences. Young researchers of SKL of Brain and Cognitive Sciences also presented their outstanding research during the visit. And there was a poster exhibition in the Hong Kong Jockey Club Building for Interdisciplinary Research by research post-graduate students. It was a great opportunity for the Principal Investigators, Young Researchers and Post-graduate Students to demonstrate their enthusiasm and excellence in genomic research, molecular neuroscience, and cognitive-affective neuroscience for the promotion of brain health and mental well-being.

The SKL of Brain and Cognitive Sciences of HKU is a national platform for investigating the neural underpinnings of brain processes and functions. This platform is co-hosted by the Li Ka Shing Faculty of Medicine and the Faculty of Social Sciences.
